#### Help Keep Canggu Clean & Beautiful

Please keep our streets and beaches clean by not littering.

You can also help us to conserve our precious water and energy resources by turning off taps, reusing bath and pool towels whenever possible, and shutting off lights and air-conditioners when not in use. Linens, such as sheet and towels, will be replaced every two days during your stay. Guests can opt to replace every-day by placing the linen on the floor or place the sign on the bed, where our room attendant will immediately replace them.

As part of our commitment to end plastic pollution in our environment, we are saying goodbye to single-use plastic and, where possible, provide you with recyclable packaging.
